

JELLYBEAN EVENTS PRESENTS:

YOUR FULLY CUSTOMISED VIRTUAL QUIZ NIGHT

Perfect for PRIVATE and CORPORATE events

HOW IT WORKS

A little bit of friendly competition never hurt anyone!
Challenge your friends and family to Jellybean's Lock Down Quiz nights.

What makes our quiz packages unique is that our in-house "Quizmaster", along with our "Scorekeeper", will host and keep track of the scoring for the entire evening allowing the client to compete with their friends.

The quiz is shared on screen as a presentation using the "share screen" function on zoom. This allows all participants to see the questions.

The Quizmaster, along with the scorekeeper, presents the questions, keeps track of the score, ensures the quiz is running smoothly as well as provide banter and entertainment throughout the evening.

They will ask the questions in typical gameshow host fashion making you feel like you are on a real quiz show. Teams will have a certain amount of time to discuss their answers, write them down on a piece of paper and display their answers on-screen in order to be scored by the Scorekeeper.

LARGER GROUPS

GREAT!

HOW IT WORKS

Is your team particularly big?

No problem! We can help with that too!

The group will be split up into teams. Each team member will get a number. The number they get will correspond with the number question that they get to answer. For example all NUMBER 1's will represent their team in ROUND 1 and so on.

When you are representing your team during your round, you will have your video and audio switched on while the rest of the team will switch theirs off.

This way all team members get a chance to play and represent their teams through the game.

Break away rooms can be used for teams to discuss answers for group rounds if need be.

What exactly is a quiz night?

A quiz night is a virtual event. This event is run using Zoom. The host shares a their screen with all participants to reveal a quiz presentation containing different rounds of questions that players must answer in order to win points. Music is used to set the tone and there are time limits on how long teams have to answer the questions. Teams present their answers by writing them down on a piece of paper and holding it up to the camera in order to be scored.

Why choose a quiz night?

Our quiz nights are designed to challenge all players in a fun and meaningful way. They are the perfect way to connect with friends, family and colleagues in a safe and socially distant setting.

Do I really need a Quiz Master to host?

Hiring one of our in-house trained Quiz Masters and Score Keepers ensures that the client can also take part in the quiz. It reduces all the stress and anxiety that comes with running a virtual event. Our hosts are experts at keeping the pace , banter and overall vibe of the event running smoothly.

What are the recommended themes?

Our most popular themes include: General Knowledge, Film, Pop Culture & Celebrities and Travel. Our most popular non Q&A-style questions are: Identify the Face, Unscramble the Word and Guess the Gibberish.

What are "Drink Checks"?

Drink checks are optional slides that can be added to any quiz presentation that turn the quiz night into a drinking game. When a drink check slide is on the screen, all players must hold their drinks up or face a point deduction!

How much notice must I give the JellyBean Events team in order to prepare a curated quiz?

JellyBean Events will need 48 hours in order to curate a personalised quiz for you. We can, however, assist with a standard (non customised) quiz if you are short on time.

How do the teams work?

Our quiz nights can be played in teams, pairs or as an individual. Each team must be on one device. We don't recommend having multiple teams per household as the WiFi tends to be poorly effected by this.

LOCK DOWN OFFER

Just because our ultimate goal is to spread the virtual vibes we are offering a discount to any groups who are willing to post their quiz experience and virtual fun on social media by tagging @jellybean_events.

Will receive R100 off their quiz!
